

Name: Alireza Mosavi-Jarrahi, MSPH, Ph.D.

Address: Dr. Alireza Mosavi-Jarrahi
Associate Prof. of Epidemiology
Dept. Social Medicine, Medical School
Shahid Beheshti University of Medical Sciences
The Cancer Institute Research Center (joint appointment)
P.O. Box 15875-4194
Tehran, I.R. of Iran
Tel: +98-912-114-5572 Fax: +9821-66428655
E.Mail: rmosavi@yahoo.com or alireza.mosavijarrahi@gmail.com
Personal Website: <http://sites.google.com/site/epiamosavi/>

Education:

- 1996: Post-Doctoral Fellowship in Epidemiology. UTHSC, Houston TX, USA.
- 1995: Doctor of Philosophy (Ph. D.) in Epidemiology, University of Texas, School of Public Health, Houston, Texas, USA
- 1990: Master of Sciences in Epidemiology, University of Alabama, Birmingham, AL, USA.
- 1980: Bachelor of Sciences In Public Health, Institute of Paramedical Sciences. Tehran, Iran.

Professional Experiences:

Associate Professor, Health Metrics Research Center, Dept. of Public Health and Social Medicine, Shahid Beheshti University of Medical Sciences, Tehran Iran.
Sept. 1997 - To May 2011

Associate Professor, The Cancer Institute Research Center, The Cancer Institute of the I. R. of Iran, Tehran Iran, (A joint appointment).
Sept. 1997 - To May 2011

Post-Doctoral Research Fellow, Center for Infectious Diseases, University of Texas at Houston, School of Public Health and Medical School. Houston, TX, USA.
May 1995- May 1996

Research Assistant (Center for Infectious Diseases, University of Texas at Houston, School of Public Health and Medical School. Houston TX, USA)
Sept. 1993- May 1995

Research Assistant (Coordinating Center for Clinical Trials, University of Texas at Houston, School of Public Health. Houston TX, USA)
June 1992 - August 1993

Research Assistant (Southwest Center for Prevention Research, University of Texas at Houston, School of Public Health. Houston TX, USA)
Oct. 1990 - Sept. 1992

Graduate Research Assistant (Computer Services, Dept. of International Health, University of Alabama, Birmingham, AL, USA)
Feb. 1988 - April 1990

Graduate Research Assistant (Sparkmans Center for International Health Education, University of Alabama School of Public Health, Birmingham, AL, USA)
Feb. 1988 - April 1990

Health Officer (Ministry of Health, Division of Epidemiology and Environmental Health/ Khorasan and Sistan & Balochestan Provinces, Iran).
May 1980 - Aug. 1986

Teaching experiences:

Taught intermediate and advanced courses in epidemiology methods to MS and Ph. D students at the School of Public Health, Epidemiology and Biostatistics Department since 2004

Taught Cancer Epidemiology course to MS and PhD students at the School of Public Health, Epidemiology and Biostatistics Department since 2004

Taught Research Methodology to MS and PhD. Students at the department of Microbiology, Parasitological, Genetics and Physiology, since 1997

Taught epidemiology courses to MS and PhD students at the Dept. of Microbiology, Parasitology since 1997

Taught Epidemiology course to Medical Students since 1997

Taught Epidemiology course to MS students in nursing for 2008-2009

Taught Epidemiology courses to BS students in nursing 2005-2010

Participated in numerous multidisciplinary courses and taught special topics to students of different background and degree throughout medical, public and allied health schools

Books and Chapters:

In progress:

Invited to write a chapter on **Conceptual framework in assessing and detecting spatial clusters of cancers (tentative title)**. The chapter will be in book titled "Cancer Research Updates" to be published by Nova Science Publishers, Inc. 400 Oser Avenue, Suite 1600, Hauppauge, NY 11788

Published

Chapter in **Cancer Epidemiology**, Volume 1, Host Susceptibility Factors, edited by Mukesh Verma, (Program Director, Epidemiology and Genetics Research Program, Division of Cancer Control and Population Sciences, National Cancer Institute, USA). Published by Humana Press, New York, USA, **2008. Reprinted 2010, and 2011**

Title of the Chapter: **Occupational Exposures**, Alireza Mosavi Jarrahi, and Mohammadali Mohagheghi, a chapter in the **Cancer Report 2010**, Edited by A. Murat Tuncer, et al.

Title of the Chapter: **Etiologic clues in variations in cancer incidence and mortality**, Alireza Mosavi-Jarrahi, Mahmmod Movahedi, Mohammadali Mohagheghi, a chapter in the **Cancer Report 2010**, Edited by A. Murat Tuncer, et al.

Authoring a book titled "**Cancer Epidemiology**" to be published by the Ministry of Health and Medical Education, Tehran Iran. The book is in Farsi, 1387

Co-authoring "Ethical guidelines in Biomedical Research". Published by the Ministry of Health and Medical Education, National Research Center, Tehran, Iran 2004.

Translated to Farsi "Ethical Guidelines for Protection of Human Subjects in Research" by CIMS, WHO 2002. This translation was financially funded by WHO.

Researches/ grants:

Principal Investigator to develop the educational curriculum of Cancer Epidemiology for research based PhD. Degree program recently developed at the Ministry of Health. The project is ongoing at present and it is expected to be finished on May, 2011.

Principal Investigator to develop the infrastructure needed for Geographic Information System in small polygon scale. The project was funded by Ministry of Health, I.R. of Iran. The project is still ongoing and it is expected to be finished in July, 2010.

Principal investigator on a MOH funded research titled Monitoring incidence of cancer in the population exposed to environmental hazard due to the Persian Gulf War (Iraq's Occupation of Kuwait) in Iran; assessing long term exposures, **UNCC Claim No.5000394**, finished May 2009.

Principal investigator on a WHO funded research titled "Updating and customizing Health-Mapper 4.2 for health application in Iran". Finished Feb. 2009.

Principal investigator on a WHO funded research titled "Development of a record linkage protocol for use in health system researches". Ended in July 2007.

Principal investigator on a WHO funded research titled "Development of a record linkage protocol for use in health system researches". Ended in July 2007.

Principal investigator on a WHO funded research titled "Temporal and spatial determinants meningitis in the Tehran metropolitan area using Geographic Information System (GIS). Ended in July 2006.

Principal investigator on a WHO funded research titled "Geographic distribution of childhood cancers in the Tehran Municipality districts: exploring possibility of clustering" ended in Oct. 2005.

Principal investigator on a Collaborative Research Agreement with the International Agency for Research On Cancer, Unit of Descriptive Epidemiology (IRAC/WHO) to study the Incidence of Cancer in Tehran Metropolitan Area (the Cancer Registry Project), Dec. 25th, 1999.

Principal Investigator for a population based study of cancer survival in Iran. The study was funded by the Shahid Behashti University of Medical Sciences

Principal contractor to develop educational software to be used as a Consultant to junior researchers.

Principal investigator on a research evaluation of the contribution of established cancer risk factors to the frequency cancer in Iran. A **Terry Fox Grant** awarded by the Canadian Embassy in Tehran, 1997.

Other Professional Contributions:

The Founder of the Virtual Community of Health Geographic in Iran.

The Founder and the first Secretary of the Iranian Epidemiological Association (IrEA), 1999- 2004.

Technical advisor to a computer program on cancer registration, which is now in use in cancer registry program in the country. The program was presented at International Agency on Research Against Cancer (IARC), WHO, in Lyon French, July 2000.

Faculty Member of Founding group of the Gastrointestinal and Liver Disease Research Center, Shaheed Beheshti University of Medical Sciences.

Founding Member of the Cancer Institute Research Center, Tehran, Iran.

Chairman of the 3rd regional conference of Asian pacific Organization for Cancer prevention (APOCP), held on April 25-27th, 2005, Zibakenar Rasht, Iran.

Appointee:

Corresponding Member in the Cancer Expert Group Advisory Committee, the *Global Burden of Diseases, Injuries, and Risk Factors Stud*, HARVARD INITIATIVE FOR GLOBAL HEALTH, and WHO. 2008

Appointed as epidemiologist to the Tehran Municipality Urban Health Committee, Tehran, Iran

Secretary of the National Network of Cancer Researches, Ministry of Health and Medical Education, Tehran, Iran, 2006

Appointed as epidemiologist to the National Ethical Committees of Research on Human Subject., Tehran Iran 2001.

Appointed for two years as member of High Council at the Research Center of Gastroenterology & Liver Diseases, Shaheed Beheshti University of Medical Sciences. Tehran/Iran, 2001.

Member of the Research Council at the Cancer Institute Research Center, Tehran University of Medical Sciences, Tehran, Iran

Representative of the Asia Pacific Organization for Cancer Prevention organization (APOCP) in Iran.

Appointed as epidemiologist to the National Ethical Committees of Research on Human Subject., Tehran Iran 2001.

Member of the Research Council at the Cancer Institute Research Center, Tehran University of Medical Sciences, Tehran, Iran

Invited Speaker:

Invited Speaker to present the "State of Cancer in Western Asia" at the 4th International Cancer Control Congress (4th ICCC) to be held on Nov. 3-5, **2011** in Seoul Korea.

Invited speaker to the 5th APOCP Congress held on April 3 –7, **2010** in Istanbul, Turkey

Invited speaker to the 20th Asia Pacific Cancer Conference held on November 12 – 14, **2009** in Tsukuba, Japan

Invited speaker to the 36th International Symposium of the Princess Takamatsu Cancer Research Fund (PTCRF) held at Tokyo, Japan, 15-17 Nov. **2005**

Invited speaker to the 6th International Conference on High Levels of Natural Radiation and Radon Areas, (Osaka Japan, 6-10, 2004). To present on natural radiation and health.

Invited speaker to the second Scientific Meeting of Asian Pacific Organization of Cancer Prevention (Nov. 2004 Seoul Korea) to present Cancer registries network in west Asia

Invited speaker to the Scientific Meeting of Asian Pacific Organization of Cancer Prevention (Oct 2002, Nagoya Japan) to present "Risk Factors of Esophageal Cancer in Iran.

Professional Membership:

Member of the Iranian Epidemiological Association (IrEA), Since 1999.
Member of The International Epidemiological Association
Member of Asian Pacific Organization for Cancer Prevention
Member of the International Advisory board of Asian Pacific Organization for Cancer Prevention.

Editorial Board:

Epidemiology Section editor the Asian Pacific Journal of Cancer Prevention, Official Journal of the Asian Pacific Organization of Cancer Prevention, published in Japan..

Member of the editorial board of the **Environmental Health and Preventive Medicine**, Official Journal of the Japanese Society of Hygiene, Published in Japan.

Member of the editorial board of the **Bulletin of the Cancer Institute of Iran**, published in Iran.

Epidemiologist reviewer of the International Journal of Surgery
